

Dear Patients,

I am deeply honored to have been chosen by Dr. Conn to take over his practice and I am committed to giving you the same dedicated care for your aesthetic treatments to which you have become accustomed. Providing you with a natural and refreshed look as opposed to a “surgical pulled look” has always been Dr. Conn’s goal and is certainly mine as well.

I am excited to meet you and get to know each and every one of you on a personal and professional level. I look forward to that opportunity.

Warmest of regards,
Dr. Melanie Erb
